2017 JEANNE CLERY ANNUAL CAMPUS SECURITY AND FIRE SAFETY REPORT

Message from Public Safety

We want to thank you for taking the time to read this year's Annual Campus Security and Fire Safety Report. This report is designed to provide you with valuable information regarding security and fire safety on South Arkansas Community College ("SouthArk") campus (for purposes of this report the term "campus" is used to include the East and West campuses in El Dorado and the Warren campus location. In addition to outlining the details of the many safety programs South Arkansas Community College offers its community members, the report also contains statistical information regarding reported crimes and fire initiatives for our campus.

The safety you experience on campus is due to the combined efforts of many different departments and individuals. Safety is a collective responsibility, and we rely on every single member of our school to contribute to the security of our school by using a commonsense approach and reporting suspicious activity when observed. The level of support we receive from our community members is critical to the success of the outcome. It is our duty as a department to maintain your trust. Safety is enhanced internally by our colleagues on our Joint Campus Safety Committee that includes members from both SouthArk's East and West campuses along with SouthArk Warren campus, Behavioral Response Teams, and our health and safety training programs.

The SouthArk Campus Public Safety Department is primarily responsible for developing services, programs, and strategies for maintaining a safe campus. For us to meet this goal, the department focuses mainly on four functions:

First is a strong partnership with and service to the campus community. We recognize that we exist to provide a service-oriented department and support the idea that all relationships require trust and constant nurturing. We are committed to the philosophy of community-oriented public safety and problem-solving. By utilizing officers to serve as liaisons with various sections of the campuses, we can service the individualized needs of each school.

Second, a significant focus of the department is crime prevention and safety related programming to promote individual responsibility and community safety. The department offers a wide range of training opportunities that are presented throughout the academic school year.

Third, focusing on emergency management planning which requires a comprehensive approach to preventing, preparing for, responding to, and recovering from emergency situations. We take a proactive approach to planning for emergencies by collaborating not only with the entire campus community but with outside agencies such as the El Dorado Police Department, the El Dorado Fire Department, the Union County Sheriff's Office, the Union County Office of Emergency Management, the Arkansas State Police, the Union County Health Department.

Lastly, the department is charged with the monitoring the Student Code of Conduct for South Arkansas Community College. This function is essential to maintaining an environment that is safe and conducive to learning.

We hope you find this report informative and helpful. If you have questions or would like further information, please contact our department.

POLICIES AND PROCEDURES FOR CAMPUS SECURITY

Policy Statement

SouthArk will comply with the Clery Act, Title IX, and the Violence Against Women Act by

- maintaining a daily crime log,
- Reporting criminal statistics as well as security policies and procedures in annual campus safety and security report.
- Enforcing the requirements of the Clery Act, Title IX, and the Violence Against Women Act.

When sexual/gender-based misconduct occurs, SouthArk will investigate, stop, prevent, and provide remediation as necessary to all parties involved and the college community at large

Rights of Members of the SouthArk Community about Sexual Misconduct

All employees, administrators, staff, visitors, and students have a right to be free from sexual harassment, sexual violence, and sexual discrimination. These rights mandate that everyone is held responsible for behaving professionally and lawfully on campus. SouthArk has a zero-tolerance policy for gender-based misconduct. Once an allegation of misconduct is reported to the appropriate official and probable cause exists, then an investigation of these allegations will take place, and sanctions may result if a violation of the policy is determined. The implementation of the policy against gender-based misconduct is an assurance that each violation will be investigated thoroughly and sanctioned. The following Clery Act policies and procedures are set forth to maintain consistent enforcement of this act and to comply with its reporting requirements. The policies and procedures also serve to guide faculty, staff, administrators, students, and other interested stakeholders in conducting themselves according to the Act while on campus.

I. General Policies and Procedures Ensuring the Safety and Security of Campus Facilities

SouthArk is a public institution of higher education, and facilities on both East and West campuses are open to students, faculty, administration, staff, and the general public.

SouthArk is committed to providing a safe and secure learning environment for all patrons, but campus safety and security are dependent on cooperation among students and college employees. Students and staff are encouraged to report criminal conduct, violations of college policy, or suspicious activity to any campus administrator or security personnel and to file a report promptly when violations occur (see procedures under Section II. below).

Behavioral Review Team

A Behavioral Review Team (BRT) has been established to assist in dealing with situations that go beyond basic classroom management and present a threat to the general safety and wellbeing of the campus community. The BRT represents a campus-wide, collaborative commitment to ensure the safety of all students, staff, and faculty. Committee members serve to assess and investigate any reported concerns from the campuses or larger community and make appropriate determinations and referrals to facilitate student engagement and success. In pursuit of this mission, the BRT has developed a reporting and communications system whereby potentially dangerous situations are more likely to be detected, addressed, and communicated to appropriate parties before they escalate to more severe levels. Concerns should be directed to the office of the Vice President for Student Services.

Campus Security

For the safety of employees and students, the college provides uniformed campus police officers during all hours that the college is in operation. Individuals who are concerned about their immediate safety should call 911 or via a “blue-light” emergency phone in campus parking lots (see

below). Otherwise, they should contact campus police by phone at (870) 864-7125, via a red security phone in select campus buildings, by dialing 999 from a campus phone, or by going to the security office (HSC248) located in the Health and Science building the second floor. Students are required to report all incidents of campus accidents or crime to campus police.

On-Campus Security Phones

Red security phones have been installed on the West campus in the hallways of the Whitfield classroom building, the Computer Technology Building, the El Dorado Conference and Student Center, the library (one in the gallery and one at the front desk); and on the east campus in the atrium of the Center for Workforce Development and in the student lobby of the McGehee Building and the AMTC building. When the receiver is picked up, a call is automatically routed to a cell phone carried by the on-duty Police Officer's, allowing immediate contact with Campus Police.

"Blue-light" emergency phones have been installed in the following parking lots: West Campus Main (between the Library and Computer Technology building), Health Sciences building, and Conference and Student Center, as well as the East Campus Main parking lot between the McGehee Classroom Building and the Workforce Development Building. These phones are direct lines to the 911 center.

Video Surveillance

Numerous video surveillance cameras are located in common areas throughout the SouthArk campuses. These include cameras at entryways and parking lots. The cameras are monitored and recorded digitally to help enhance safety for students, faculty, and staff while on our campus. The system is set up in common areas across the school and has both indoor/outdoor cameras that are often vandal proof and infrared.

The system is battery backed up and continues surveillance even if a campus-wide power loss occurs.

The College considers a reasonable expectation of privacy at every camera location on campus. Typically, cameras are installed in pedestrian throughways, building egresses, parking lots, and facilities.

Cameras are only installed where an individual's expectation of privacy is generally limited.

II. Policies and Procedures for Reporting Crimes, Accidents, and Other Incidents

Members of the SouthArk community should report criminal activity, accidents, and violations of college policies to the Campus Police office in person at HSC248 in the Health and Science Building or by calling (870) 864-7125 or (800) 955-2289. Campus Police personnel are on duty during the regular hours of operation Monday-Thursday from 8:00 a.m.-9:00 p.m. and Friday from 8:00 a.m. to 12 p.m. additionally, police personnel is on campus during the weekend when classes, scheduled facility openings or events are taking place. SouthArk campus community members may also report crimes to the El Dorado Police Department (EPD) at (870) 881-4141. If individuals on campus notify EPD, they should notify Campus Police also. EPD works cooperatively with SouthArk's Police personnel and the administration to provide prompt assistance if a crime should occur on campus. Campus Police or other staff will make immediate contact with EPD in cases of emergency.

Filing Internal Reports: In addition to notifying Campus Police, victims of crime or witnesses to criminal activity, accidents, or violations of college policies also should submit a formal report with the office of Public Safety.
