COMMENTS AND NOTES:

Program Description	The Medical Coding program is designed to prepare individuals for diagnostic and procedural coding positions for diagnostic and procedural coding positions in hospitals, physician offices and clinics, long-term care facilities, insurance companies, home care agencies, managed care organizations, and surgical centers. The program prepares the graduates for various certification exams that are applicable in this career field. The program consists of online instruction, online simulated instruction, and practicum experiences in clinic and hospital settings.
Program Requirements	37 TOTAL program credit hours; ALL courses MUST be completed with a minimum grade of "C" to be eligible to progress to the next level of the program. Program begins in Fall and finishes in Summer. Must pass criminal background check and drug screen to remain in the program. Students must have all immunizations, vaccinations, testings, & screenings required by clinical facilities. Each student selects and contacts potential clinical sites in the region near their area of residence and collaborates with the program director to arrange a possible affiliation agreement/contract. Note: Earning only the CP in medical coding does not qualify the student to work in the field. Completion of the program earns the graduate a TC in Medical Coding.

Career Opportunities	Graduates may find entry-level positions in hospitals, physician offices and clinics, long-term care facilities, insurance companies, home care agencies, managed care organizations, and surgical centers. Many medical coding positions allow the employee to work from home.
Transfer Paths and Requirements	N/A

REMEDICATION REQUIREMENTS:

Current course placement requirements and applicable remediation can be found in the college catalog.

I understand that when seeking a credential, I may be required to enroll in remediation / co-requisite lab courses as a result of my test scores in compliance with Arkansas Law, Act 1052, which may take additional semesters for successful completion.
