## South Arkansas Community College

### School Enrollment

Individual enrollments (*Table 9*) were identified from the snapshot file of the data collected via the internal database, POISE, for the listed terms on the 11th day of classes. The student semester credit hours (SSCH) count and full-time enrollment (FTE) presented (*Table 9*) are based on the corrections provided by the Arkansas Department of Higher Education (ADHE) which can include the removal of undocumented students and classes beginning after the 11th day of the term. Additional credit hours seen in later charts reflect these off schedule classes. Full-time status is defined by ADHE as a 15 hour or more credit load while the national Integrated Postsecondary Education Data System (IPEDS) uses a 12 hour minimum.

**Table 9: Individual Enrollments, SSCH, FTE for Fall 2014 and Spring 2015**

Individual Enrollments	Fall '14	Spring '15
<b>Headcount</b>	1,695	1,540
<b>SSCH</b>	16,163	14,563
<b>FTE (ADHE)</b>	1,078	971

Individual enrollment classifications (*Table 10, Chart 4, Chart 5*) are defined by ADHE as follows:

- First-time entering undergraduate student- a student entering any college for the first time ever
- Other first-year student- student who entered the college in a prior term but has not completed enough courses to be considered a sophomore and who is not a first-time entering undergraduate student
- First-time entering undergraduate transfer student- an undergraduate student entering the institution for the first time with credit courses attempted or completed at another institution
- Continuing undergraduate student (sophomore)- a student who was previously enrolled at the college during the previous regular academic term and has completed a year's worth of courses
- High school student- A student who has not received a high school diploma or GED but is enrolled in college-level courses
- Unclassified Pre-Baccalaureate- As phrased

## School Enrollment Demographic

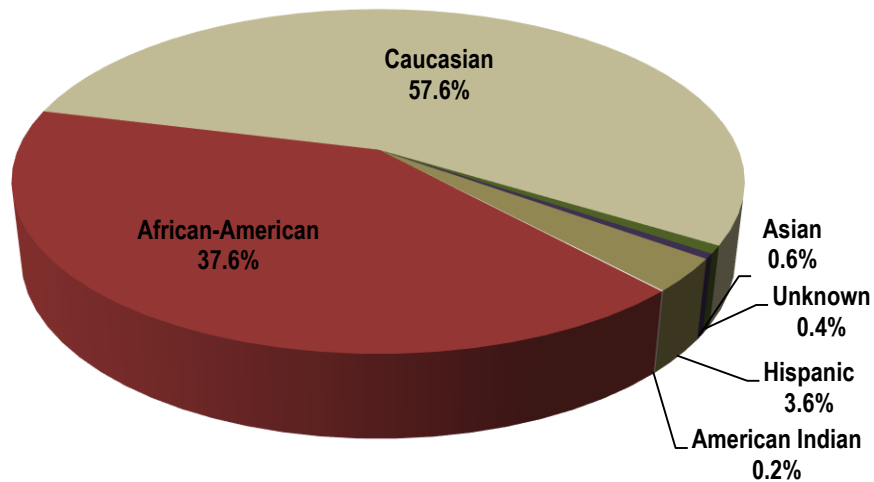

At this time, ADHE and IPEDS reporting combines self-reported ethnicity and race. Whenever race or ethnicity is referred to in the context of the enrolled population, they will be considered interchangeable.
