School Enrollment

Individual enrollments were identified from the snapshot file of the data collected via the internal database, Jenzabar, for the listed terms on the 11th day of classes. The student semester credit hours (SSCH) count and full-time enrollment (FTE) presented are based on the corrections provided by the Arkansas Division of Higher Education (ADHE), which can include the removal of undocumented students. Off-schedule classes and total term student semester credit hours have been included in this data. Full-time status is defined by ADHE as a 15 hour or more credit load while the national Integrated Postsecondary Education Data System (IPEDS) uses a 12 hour minimum.

Table 1: Individual Enrollments, SSCH, FTE for Fall 2021 and Spring 2022

Individual Enrollments		
	Fall '21	Spring '22
Headcount	1,156	1,059
SSCH	11,348	10,417
FTE (SSCH/12)	946	868

Individual enrollment classifications are defined by ADHE as follows:

- First-time entering undergraduate student: a student entering any college for the first time ever
- First-time entering undergraduate transfer student: an undergraduate student entering the institution for the first time with credit courses attempted or completed at another institution
- Continuing undergraduate student: a student who was previously enrolled at the college during the previous regular academic term
- High school student: a student who has not received a high school diploma or GED but is enrolled in college-level courses
- Readmitted undergraduate: an undergraduate who has transferred to another college but returned to SouthArk, or a student who has returned to the institution after a time of one regular semester or longer

School Enrollment Demographic

At this time, IPEDS reporting combines self-reported ethnicity and race. Whenever race or ethnicity is referred to in the context of the enrolled population, they will be considered interchangeable.

*Hispanic/Latino individuals of any race were reported as Hispanic/Latino; Non-Hispanic/Latino individuals only were reported as a race.

Table 4: Fall 2021 and Spring 2022 Individual Enrollments by Ethnicity and Race

Hispanics of any race	7.4	6.9
Race and Ethnicity unknown	2.2	1.9
Two or more races	2.2	2.1
Total	1,156	1,059

Age is determined on the 11th day count using the date of birth. Age is always rounded down to the whole number for internal reporting.

Student Semester Credit Hours (SSCH) have been calculated by multiplying the credit hours of the course by the total student enrollment.

Full-Time Enrollment (FTE) is the total number of credit hours divided by 12.
