AGREEMENT

It is agreed that any student who has earned the Associate of Applied Science in Computer Information Technology at SOUTHARK will be admitted to the Bachelor of Applied Science at UA Little Rock in either the on-campus or online program with full junior classification, subject to the provisions listed below.

1

ADMISSION REQUIREMENTS

A. The student must complete the requirements necessary for general admission to UA Little Rock as well as specific admission to the UA Little Rock Bachelor of Applied Science program.

B. The student will have earned the Associate of Applied Science in Computer Information Technology at SOUTHARK.

C. Degree program admission requirements for students who transfer pursuant to this Agreement will be determined in the same manner as if their initial enrollment had been at UA Little Rock.

TRANSFER OF CREDITS

A. Course requirements for this Agreement are displayed on the following attachment (see Appendix A).

B. A transfer student who has not completed all of the courses specified within the Associate of Applied Science in Computer Information Technology degree plan at SOUTHARK, before entering UA Little Rock, must work with an academic advisor to ensure timely completion of degree program requirements.

C. Current and updated copies of catalogs/curricular requirements for the UA Little Rock Bachelor of Applied Science program will be available to SOUTHARK online.

D. Remedial course grades will not be computed in the cumulative GPA for purposes of admission to UA Little Rock.

E. UA Little Rock will accept the transfer of credits, up to a maximum of 6 credit hours, for "D" grades subject to the following conditions:

   i. The transfer of credits with "D" grades is available only to first-time entering transfer students at the time of admission to UA Little Rock.

F. Calculation of overall GPA for purposes of graduation and awarding of honors is left to the discretion of UA Little Rock.

IMPLEMENTATION AND REVIEW

A. The Chief Academic Officers at each institution will implement the terms of this Agreement, including incorporation of any mutually agreed upon changes into

subsequent revisions of this Agreement, assuring compliance with system policy, procedure and guidelines.

B. This Agreement will be reviewed on an annual basis. Both UA Little Rock and SOUTHARK agree to notify one another in a timely manner of any curriculum changes that would significantly impact the nature of this Agreement.

C. UA Little Rock and SOUTHARK will work together cooperatively, in the best interest of affected students, to resolve any issues related to the transfer of courses should changes to either degree program occur while the Agreement is in effect.

D. Students will be subject to the terms and conditions of this Agreement in accordance with their academic year of entry at SOUTHARK. A student may opt for a subsequent revision of this Agreement, but must meet all of the requirements specified therein. A period of non-enrollment for 12 months or more would require the student to adhere to Agreement requirements corresponding to the academic year of re-enrollment.

E. UA Little Rock and SOUTHARK will make every effort to inform students of this Agreement. This may include, but is not limited to, inclusion within each institution's website, published catalog, recruitment publications, media announcements, social media engagement, and in-person information sessions.

MISCELLANEOUS

A. This Agreement is effective upon execution and shall remain in effect even if persons, positions, and/or titles change.

B. This Agreement may be terminated by either party with at least 90 calendar days written notice.

C. In the event that the Agreement is terminated, no new students will be admitted to the program; however, all students who have already been admitted to UA Little Rock, in accordance with the terms of this Agreement, will be allowed to complete their approved course of study under the terms contained therein.
