Rules and Regulations Generally

The Chief Fiscal Officer of the State is authorized by ACA 19-4-901 to promulgate rules and regulations with respect to travel and travel allowances and prescribe the forms and procedures for reporting, approving, and paying such travel allowances for all officers and employees of state government or for other persons who are authorized to carry out official duties in connection with the business of the State.

Exempt Persons and Agencies

In accordance with ACA 19-4-904, the limitations of rules placing limits on meals and lodging expenses shall not be applicable to the constitutional or elective officials and their employees, or official guests of the State. The provisions of this regulation shall not be used to supersede or set aside the provisions of law providing for fixed allowances, established amounts for per diem, or special travel privileges provided for by ACA 19-4-903 and other laws for specific purposes where such allowances exceed those authorized in this regulation.

Rule 1 - Responsibility and Accountability for Travel Authorizations and Disbursement

Effective Date: 11/01/2011

ACA 19-4-902 places the authority and responsibility of authorizing and approving travel expenses with the board or commission in charge or the administrative head of the agency, department, or institution.

It shall be the responsibility of the administrative head of each agency, board, commission or institution to keep on file in the place of business of the agency, subject to audit, originals of all supporting documents and required receipts for expenses incurred in connection with the travel authorizations and disbursements for persons traveling on behalf of the governmental entity. The documents on file may be in microform or electronic form prescribed under the provisions of ACA 19-4-815 (b) if approved by the Division of Legislative Audit.

In large governmental units, it may not be feasible for the administrative head of the agency, department, or institution to act as travel administrator. In this case, he or she may designate other responsible officials to act as his or her agent(s) and to be referred to as travel administrator. The approval of these designated agents will be considered to reflect the approval of the board, commission or head of the agency, department, or institution. The designation of agents as travel administrators shall be made in writing and kept on file in the agency/institution.

Special authorization justifying the benefit to the State must be given in writing by the administrative head of the agency for travel-related requests involving meals without overnight travel. Under no circumstances should the maximum daily federal per diem rates be exceeded. All other travel related requests may be approved in writing by the travel administrator.

Under authority of ACA 19-4-903, the administrative heads of the various departments, boards, commissions and institutions of the State of Arkansas may enforce regulations governing travel that are more restrictive than those established by the Chief Fiscal Officer of the State.

Specific legislation exists that provides for travel allowances for some agencies and institutions for specific purposes that are not afforded to state government in general. It is the responsibility of the administrative head of each agency/institution to be cognizant of, and strictly apply the special travel expense provisions of ACA 19-4-904 and other state law.
Rule 2 - Standard Reimbursements for State Employees and Officials
Effective Date: 10/09/2014

Officials and employees may be paid travel expenses when required to travel away from their "official station" on state business. "Official station" is the geographic location or "address" where the employee normally reports for duty and/or spends the majority of his/her productive time and must be designated as such in writing by the employer. An employee's "residence" shall be the city or town in which the individual has an abode or dwelling place. An employee whose resident city is a location other than his/her "official station" shall not be allowed mileage to travel between them except as provided for in Rule 3, under Special Authorizations.

All employee travel reimbursement claims must be completed for payment to the individual traveler. One employee may not include on his travel payment request the expenses of another employee.

No expenses for meals will be allowed within the city or town of the employee's "official station" unless approved by the agency head as a "special authorization" under ACA 19-4-903. Under no circumstances should the maximum daily federal per diem rates for meals be exceeded. The travel administrator may give written approval for all other travel related requests. The special authorization memo must show a benefit to the State, not a convenience for the employee.

State employees loaned from one state agency to another may be reimbursed for travel expenses by the agency benefiting from the travel.

Limits for Meals and Lodging

Please note that travel reimbursement is NOT a per diem, and is to be claimed for ACTUAL EXPENSES FOR MEALS AND LODGING NOT TO EXCEED THE MAXIMUM ALLOWABLE RATES AS LISTED IN THE FEDERAL TRAVEL DIRECTORY PLUS APPLICABLE SALES TAX. The sales tax rate must be stated on Travel Reimbursement (TR-1) forms or equivalent for lodging. The maximum allowance for meals INCLUDES taxes and up to 15% tip reimbursement as provided in ACA 19-4-925(b). Lodging rates per the Federal Travel Directory EXCLUDE room tax and should be exceeded only by the room tax amount unless special authorization is given in writing by the travel administrator of the agency justifying the need to exceed the standard reimbursement rate. Requests for special authorization to reimburse for meals without an overnight stay must be approved in writing by the administrative head of the agency. The special authorization memo must show the benefit to the State to justify the expense. See the Federal Travel Directory at: http://www.gsa.gov/portal/category/100000.

PLEASE NOTE: Rates in excess of the normal federal standard in certain cities that exceed the daily "normal" or "state-wide" limits may be claimed in other locales of the county where the listed city is located. In other words, the special rates for reimbursement apply "county-wide."

Meals

Meal reimbursement is allowed only in connection with overnight travel, whether in state or out of state unless "special authorization", under ACA 19-4-903, is given in writing by the agency head. Special authorization should be limited to those "rare occasions" where, for example, an employee is asked to perform unanticipated duties outside of his/her normal work schedule that are official in nature, such as attending special board meetings. Travel, whether in state or out of state, should never be the only consideration when justifying the need for "special authorization" as provided in ACA 19-4-903. The agency director's memo justifying a special authorization must show the benefit to the State. The maximum full day meal allowance, including sales tax and up to 15% gratuity, can't exceed the federal per diem rate depending on the destination location.
PLEASE NOTE: The “IE” allowances as stated in the Federal Travel Directory are for incidentals. Incidents are specifically defined and provided for and must be listed separately and explained on the Travel Reimbursement Request Form (TR-1). It is no longer necessary to subtract the incidental rate from the maximum meal allowance due to the law change that provides for tip reimbursement of up to 15% of the meal amount expended. The traveler is now eligible for actual expenses, including tax and up to 15% gratuity for meals, not to exceed the maximum meal allowance per the Federal Travel Directory.

The traveler is only eligible for 75% of the daily allowance for meals on the first and last day of travel. If travel covers a two day period, then meal reimbursement is up to 75% of the daily allowance for each day. For partial days, meals charged must be in proportion to the time in travel status and may not exceed the maximum for applicable meal(s) stated in the Federal Travel Directory for the destination location(s). Although receipts for meals are not required by this rule, the administrative heads of agencies, departments and institutions may require them. See the Federal Travel Directory at: http://www.gsa.gov/portal/category/100000.

Meals Included in Conference Registration

Meal reimbursement requests must be reduced for meals provided as part of the conference registration by deducting the appropriate amount as shown under the Meals and Incidental Expenses (M&IE) breakdown at http://www.gsa.gov/portal/content/104877.

Allowances may be made in writing to allow the traveler to claim meal reimbursement if any of the conditions below are met:

1. The traveler is unable to consume the meal provided because of medical requirements or religious beliefs;
2. The traveler purchased substitute meal(s) in order to satisfy their medical requirements or religious beliefs;
3. The traveler was unable to take part in the provided meal due to the conflict of official business.

Complementary Meals

Meals provided by a common carrier or a complementary meal provided by a hotel/motel does not affect the maximum meal allowance per the Federal Travel Directory.

Lodging

Reimbursement for lodging is limited to the single room rate. If a room is occupied by more than one person, the single room rate must be noted on the receipt. The maximum daily allowance will be limited to the federal per diem rate depending on the location for both in state and out of state travel. Room taxes are not included in the federal per diem rate and may be claimed for reimbursement. Lodging costs that exceed the rates listed in the Federal Travel Directory by more than room tax may not be paid without a letter of authorization by the travel administrator of the agency and must include a justification as to why it was in the best interest of the State to exceed the standard reimbursement rate. Such letter of authorization must be filed in the agency files with the travel payment document for the trip for each occurrence of such overage. For example, if a conference is held at a hotel where a block of rooms are offered to conference attendees for either a reduced group rate or government rate in excess of the maximum lodging per diem for that city/area, the travel administrator may authorize payment with written justification as to the benefit of the State.
Except for institutions of higher education exempted under ACA 19-4-903(a)(2), a report of these special authorizations in a format prescribed by the Department of Finance and Administration may be required. See the Federal Travel Directory at: http://www.gsa.gov/portal/category/100000

Transportation

Travel may be achieved by plane, train, bus, taxi, private vehicle/aircraft, rented or state-owned automobile; whichever method serves the requirements of the State most economically and advantageously.

Reimbursement for out of state travel will be the lesser of coach class airfare or the established rate of private car mileage, based on map mileage (whether paper-based or electronic) when driven. The agency head or travel administrator should determine which method of calculating map mileage is the most suitable method for his/her agency thus ensuring consistency within the agency and avoiding any confusion for the traveler. Travelers by commercial air shall utilize coach accommodations, except in those instances where first class accommodations would be more economical for the State. Instances where first class fare is utilized will require detailed justification and must be approved by the travel administrator. Commercial airline tickets should be purchased at least 14 days prior to travel if possible. Airline tickets purchased with less than a 14 day advance shall be explained in writing to the head of the agency and approved by him/her in writing prior to purchase. Agencies may pay or reimburse the traveler for checked baggage fees for the first bag only. Fees for additional bags must be paid by the traveler and are not eligible for reimbursement.

For trips where the destination is 400 miles or more from the employee’s “official station”, the minimum miles traveled per day to be eligible to collect a night's lodging must be 400 miles. The requirement to travel a minimum of 400 miles daily has no effect on in-state travel nor does it affect travel outside the State where the destination is less than 400 miles from the employee’s “official station”. It addresses the period of time the employee(s) spends “en-route” or in “travel status” reaching the destination.

Reimbursement for Use of Privately Owned Vehicle

Private vehicle mileage shall be reimbursed and computed, using map mileage (whether paper-based or electronic), between the travel site destination and the employee’s official station or residence, if leaving directly from the residence, whichever is less. Mileage reimbursement for official use of a private motor vehicle may be claimed, listed separately on the TR-1, within the vicinity of any locale.

When privately owned motor vehicles are used for travel on official business, the traveler may claim reimbursement at the rate per mile established by the Chief Fiscal Officer of the State in effect during the time the travel occurred. Appendix C. The shortest major highway route (map mileage whether paper based or electronic), will determine the maximum mileage allowed.

The State will reimburse for official miles driven only. The State assumes no responsibility for any maintenance, insurance, operational costs, accidents, or fines incurred by the operator of the vehicle while on official business for the State.

When a privately owned aircraft is used for travel on state business, the rate of reimbursement will be in nautical miles at the rate as established by the Chief Fiscal Officer of the State, under the provisions of ACA 19-4-903, during the time the travel occurred. Appendix C.

Use of Travel Agencies

Travel agencies may be used to obtain transportation, lodging and related travel expenses.
Miscellaneous Expenses

Miscellaneous expenses, whether or not directly connected with travel (such as postage, small emergency supplies, etc.) may be allowed with adequate justification when necessary to the performance of official duties. Receipts are required.

Items Not Reimbursable

Except for those provisions enumerated in ACA 19-4-904, expenses for personal entertainment, flowers, valet service, laundry, alcoholic beverages, cleaning, movies or other similar services are not reimbursable. Communication expenses shall be allowed only when necessary for the transaction of official business and properly receipted.

ACA 19-4-905(b), as amended by Act 715 of 2007, authorizes tip reimbursement as a personal reimbursement expense. Tip Reimbursement of up to 15% of the meal amount expensed may be reimbursed to the employee; however, the total of the meal (including sales tax) and tip may not exceed the maximum federal per diem rates. See the standard reimbursement rates for the Federal Travel Directory at: http://www.gsa.gov/portal/category/100000.

Expenses for rental of space, decorations, entertainment or other arrangements in connection with banquets held solely for the benefit of employees are not reimbursable.

Petty cash funds cannot be used to make travel advances or reimbursements. If the agency has a petty cash fund, incidental expenses incurred by the traveler such as postage and procurement of minor supplies essential to the performance of state business may be reimbursed from petty cash funds upon presentation of proper receipts. If the agency has no petty cash funds, such items may be reimbursed using the TR-1 form with proper and sufficient documentation.

Exempt Persons and Agencies

There exists certain provisions in state law for the payment of some travel related expenditures for state supported colleges and universities and some other specific institutions that are responsible for the care and/or group activities of students, inmates and wards of the state. The administrative head of agencies and institutions to which these provisions apply is to be cognizant of and shall properly adhere to such provision of special legislation.

Rule 3 - Special Travel Authorizations
Effective Date: 11/01/2011

Occasionally it may become necessary for an employee to perform unanticipated duties outside the normal work schedule. In the event that such duties require the employee to commute from his/her residence to the place of performance of the duties and back via privately owned vehicle, the employee may be paid mileage reimbursement. A written statement signed by the employee’s supervisor shall be retained in the file, attached to the applicable TR-1 form stating that the time worked was authorized, and the reasons the time was worked and travel authorized, and the consequences had the duty not been performed is required.

In accordance with ACA 19-4-904, the cost of meals, lodging, mileage and incidental expenses of state employees who are designated by his/her supervisor to attend official or special board meetings or other functions recognized as being in the performance of their official duties, regardless of the location of such functions in relationship to the official station, may be paid either as reimbursement to the employee or on direct billing, subject to approval of the agency director or travel administrator depending on the travel expense. A written justification showing
the benefit to the State must be provided in those instances where the provisions under ACA 19-4-904 for special authorization are utilized (i.e. reimbursement for meals without overnight travel and/or hotel reimbursement that exceeds the federal travel per diem by more than sales tax). The justification memo should be included in the documentation (attached to the TR-1 form) kept on file for the reimbursement or payment of such expenses.

**Rule 4 - Expenses for Non-State Employees**  
**Effective Date: 11/01/2011**

**Volunteers, Non-State Employees and Official Guests**

A volunteer, non-state employee or an official guest of the State, whose activities or services benefit the State, may be allowed reimbursement for actual expenses for meals, lodging, transportation and incidental expenses when submitted on a TR-1. Travel reimbursement for these individuals may be approved with a written explanation of the activities by the administrative head, or designee of the agency.

It is the responsibility of the travel administrator to ensure these individuals are not being reimbursed from any other source for their travel expenses. Federal employees who travel for the state agency shall be regarded as a state employee and shall be reimbursed as such (i.e. not to exceed the federal per diem rates for meals as prescribed in the Federal Travel Directory). The TR-1 form should show that this employee is on the payroll of the Federal Government and assigned to the agency.

Under the authority of ACA 19-4-903, state agencies or institutions utilizing the services of volunteer workers, who perform duties similar to state employees, are authorized to enforce internal travel policies that are more restrictive than those established by the Chief Fiscal Officer of the State. Volunteers may utilize agency vehicles in the performance of their duties provided they are duly licensed in accordance with the requirements of all applicable state laws and have completed the required forms authorizing the operation of a state vehicle and the release to obtain his/her Traffic Violation Record. An agency director may be reimbursed for his/her expenses for the purchase of meals for official guests. The expense(s) must be claimed as an incidental expense, and a letter of explanation must be attached to the TR-1 in the agency's files stating how the person for whom the expenditure was made benefited the agency in his/her visit.

**Expenses of Students**

In accordance with ACA 19-4-904 (d) state supported institutions of higher education may provide travel expenses for a group or number of students who, when accompanied by those who instruct the students in the fundamentals of a competitive sport and direct team strategy, must travel and be recognized as a cohesive unit representing not only their institution, but exemplifying the State of Arkansas in their behavior, attitudes, interests, presentation and conduct. In these circumstances the payment of group travel expenses, including those of students and employees, may be authorized as follows:

- Meals and lodging, transportation, entertainment, within reasonable limits, to ease the pressure on students of their objectives, costs of group activities, including gratuities, laundry, cleaning and favors, and other personal expenses to be paid from auxiliary funds not inconsistent with standards, rules, regulations, or prohibitions established by recognized national or state governing associations pertaining to the respective students and employees and the institutions they are representing.
Wards of the State

Expenses incurred by employees in connection with the transportation of residents or inmates of state institutions, or for the apprehension and return of escaped prisoners, parole violators, or other wards of the State, will be regulated by the circumstances, and necessary actual expenses will be allowed. The employee will claim these expenses on their statement of travel expenses.

Rule 5 - Honorary Board, Commission and Committee Member Travel and Expenses
Effective Date: 11/01/2011

A. Stipends and/or expense reimbursement to all boards and commissions (excluding the State Highway Commission and the Game and Fish Commission) are authorized and governed by ACA 25-16-901-908. Each state board, by a majority vote of the total membership of the board cast during its first regularly scheduled meeting of each calendar year, may authorize payment to its members of a stipend, not to exceed the amount allowed by ACA 25-16-903-905, per official meeting attended.

B. When it is required of a board member to perform separate duties in connection with the official business of the agency and these duties are required at times other than official board meetings, then expense reimbursement will be allowed if approved by the board in accordance with ACA 25-16-902. Claims must be on a TR-1, or equivalent.

C. The expense reimbursement for board or commission members shall not exceed the rate established for state employees.

D. The administrative head of an agency, department or institution may, for the convenience of the board and commission members, pay for their meals and lodging when on official business for the state, and claim reimbursement for their expenses on a TR-1 form or equivalent.

Rule 6 - Recruitment and Relocation Expenses
Effective Date: 11/01/2011

The administrative head of a state organization or his/her authorized representative may approve relocation expenses of existing state employees. Further, ACA 19-4-522 (e) allows state-supported colleges and universities to utilize maintenance and operation appropriations for the payment of moving expenses of employees, including new hires. When it becomes essential that an agency permanently transfer a state employee from one location to another within the boundaries of the State of Arkansas or, in the case of state-supported colleges and universities, hire a new employee regardless of their location, reasonable payment for movement of household effects shall be made in accordance with the procedures prescribed herein.

A. The transfer and reimbursement of costs incurred by the individual must be directed and approved in writing by the administrative head of the board, commission, department, institution or agency. Full identification of the individual, the position transferred from and to, and reasons the transfer is necessary must be contained in the directive.
B. The payment for relocation must be solely for the convenience of the State in order to satisfactorily perform its function(s).

C. Under no circumstance will moving expenses be paid for newly hired employees except for state-supported colleges and universities. All other new employees are responsible for any moving expenses they incur while relocating in the area of a new job.

D. The term household effects as used herein does not apply to the movement of recreational vehicles, boats and other items not normally used in the home. Packing, crating, loading and unloading of household effects, as necessary, in addition to actual transportation expenses in accordance with Internal Revenue Service regulations are acceptable as part of the moving expense and may be paid. Please refer to Publication 535 at the following web address: IRS Publications and Notices (PDF)

E. Reimbursement of costs for employee moving expense will be allowed only when the distance from the employee's place of residence, old duty station, and new duty station meet the guidelines of the Internal Revenue Service in effect at the time of the relocation for allowable moving expense.

Rule 7 - Direct Billing of Expenses
Effective Date: 11/01/2011

Travel expenses for lodging, commercial transportation (air fare, bus, rail and rental vehicles), and conference registration may be direct billed to the State using the Central Travel Service Account (CTS) or an Arkansas Sponsored Business Travel Card (SBTC).

The Central Travel Service Account (CTS) or “Ghost Account” (no card issued) is intended for air travel, conference registration fees, lodging, guarantee of lodging or rental vehicles (subject to written authorization by the administrative head or travel administrator for the agency).

The Arkansas Sponsored Business Travel Card is a credit card requested by a state agency or institution of higher education and issued in an individual’s name. The agency/institution is responsible for payment of this account. This card is intended for payment of expenses associated with official state business only.

Meals are not a qualified expense allowed on any travel credit card issued by the State of Arkansas for an individual traveler. The State will work with the bank currently holding the credit card contract to restrict the merchant codes allowing this type of charge. The State will review particular circumstances and needs that constitute an exception to this policy. Examples of allowable exceptions might be for large groups such as schools or athletic programs. An agency having such needs should send a written request for the exemption along with complete justification to the DFA - Office of Accounting Administrator. The Administrator, in consultation with the Administrator of the Office of State Procurement, will issue a decision within 14 days from receipt of request. At no time should an individual be allowed to exceed the federal per diem meal rate. Every agency is responsible for the adherence to this policy.

Direct Billing for Transportation

When common carriers (airplane, rail, rental auto or bus) are needed to transport persons on state business, the agency should make the travel arrangements and have the agency billed directly using the Arkansas Sponsored Business Travel Card Account (SBTC) or the Central Travel Service Account (CTS). However, if this is not possible due to circumstances beyond the
control of the traveler he/she may make and pay for the arrangements and request reimbursement. An employee may not be reimbursed for transportation expenses (tickets) prior to travel occurring except in cases where it is economically advantageous for the State, and with the prior approval of his/her travel administrator.

When expenses are direct billed to the State, the traveler shall obtain and attach to the Travel Reconciliation form, Appendix B, receipts which detail the expense charged (airline ticket, hotel bill, vehicle rental documentation, registration confirmation) whether or not the traveler paid (out of pocket) some of the expenses for the trip.

**Rule 8 - Rental Vehicles**
Effective Date: 11/01/2011

The administrative head or travel administrator shall authorize in writing, the use of rental vehicles only when it is more economical than taxi, airport shuttle, etc. Agencies must use the statewide vehicle rental contract if one is in force. If a statewide contract is not in force when travel occurs, agencies will use the lowest available rates. The Office of State Procurement issues contracts for vehicle rental. Use the link below to see the Travel Portal on the DFA-OSP website for additional information about contract arrangements.

**Rule 9 - Travel Advance Revolving Funds**
Effective Date: 11/01/2011

In accordance with ACA 19-4-1008, the Chief Fiscal Officer of the State may approve the establishment of a revolving fund by an agency, department, board, commission, or institution to be used to make advances of expense funds for authorized travel by officials, employees of state agencies, boards, commissions, and institutions of higher learning, and students when travel is in conjunction with institution sponsored events or programs. All new commercial bank accounts must be reviewed and approved by DFA prior to opening the account.

The Chief Fiscal Officer of the State shall not be liable for any unauthorized expenditure through the failure of any official, employee or student to reimburse revolving funds for travel advances. The responsibility of ensuring that only authorized expenditures are paid by the use of any advance from an established revolving fund and the collection of advances made from a revolving fund ultimately rests with the administrative head of the board, commission, agency, department, or institution.

The administrative head of the board, commission, agency, department, or institution may appoint a travel administrator to administer travel functions within their activities. However, the responsibility for taking corrective measures for any abuses discovered rests with the administrative head of the board, commission, agency, department or institution.

**Establishment of a Revolving Fund**

A travel advance fund is established by submitting a request to the Department of Finance and Administration Office of Accounting. All new commercial bank accounts must be reviewed and approved by DFA prior to opening the account.

The administrative head of every board, commission, agency, department or institution that wishes to establish and operate a travel advance revolving fund shall do so in accordance with
the policies set forth by, and with the approval of, the Chief Fiscal Officer of the State. In addition, a custodian must be designated who will be responsible for operating, maintaining and processing all transactions in the account(s).

A. Policy:

The cost of registration and conference fees may not be included in the travel advance request.

State personnel who hold an approved state Sponsored Business Travel Card (SBTC) are discouraged from using the Travel Advance fund for airfare, lodging or vehicle rental. Should it become necessary for a cardholder to apply for a travel advance for items other than those stated above, a letter of request from the traveler’s immediate supervisor will be submitted to the Travel Advance Fund custodian justifying the advance by explaining why anticipated expenditures may not be charged to the traveler’s credit card.

For individuals responsible for group activities, such as student travel, issuance of a Sponsored Business Travel Card (SBTC) to that individual is acceptable with the card being maintained in the Travel Office and checked-out/returned after each trip, where practical.

Meals are no longer a qualified expense allowed on any travel credit card issued by the State of Arkansas for an individual traveler.

Amounts to be advanced:

Travel Advance Revolving Funds may be utilized to make advances of amounts not to exceed 50% of the total anticipated travel expenses not including those expenses that are direct billed to the agency or charged on either the “Ghost Account” or Central Travel Service Account (CTS) or Sponsored Business Travel Card (SBTC). Where practical,

Travel Advance for travel within Arkansas:

The traveler is allowed to request up to 50% of anticipated meals and other travel expenses except airfare, lodging, vehicle rental or conference registration. These items should be direct billed to the agency using the Sponsored Business Travel Card (SBTC) or Central Travel Service Account (CTS).

Travel Advance for travel within the Continental United States:

The traveler is allowed to request up to 50% of anticipated meals and other travel expenses except airfare, lodging, vehicle rental or conference registration. These items should be direct billed to the agency using the Sponsored Business Travel Card (SBTC) or Central Travel Service Account (CTS).

Travel Advance for travel outside the Continental United States:

The traveler and/or group is allowed to request up to 75% of anticipated travel expenses, less airfare and lodging, if traveling to a destination where access to the Sponsored Business Travel Card (SBTC) or other electronic means of accessing funds is not available.

If access is available, then the traveler and/or group is only allowed to request up to 50% of anticipated travel expenses less airfare and lodging. Travel expenses for airfare and lodging should be direct billed to the agency using the Sponsored Business Travel Card (SBTC).

NOTE: Travel advances for student/client/group activities as defined by ACA 19-4-904 (d) may be made for 90% of the anticipated expenses that are not to be direct
billed to the institution. Where practical, issuance of a Sponsored Business Travel Card (SBTC) to the individual responsible for the group activity is acceptable with the card being maintained in the Travel Office and checked-out/returned after each trip.

Specific exceptions to this policy may be addressed via email to the Administrator, DFA – Office of Accounting at mailto:acctuser@dfa.arkansas.gov subject: travel advance. State agencies, boards, commissions, and institutions of higher learning shall require employees and/or students to file an agreement authorizing the agency/institution to recover any amounts advanced for travel expense purposes from the amounts claimed and allowed the employee or student as reimbursement for actual expenses incurred, or add them to the receivable account of the student.

B. Procedure for obtaining travel advance funds:

1. The traveler completes the Revolving Travel Fund Repayment Agreement form.

2. The traveler obtains approval of his/her supervisor as indicated on the form and forwards the completed forms to the Travel Advance Fund Custodian.

3. Travel advance requests, including those submitted by mail, should be processed, with advance check prepared, within five (5) working days after receipt, provided that travel advance check should not be released more than 10 working days prior to planned travel. Employees should be notified when travel advance checks are available and/or the advance checks should be routed to the traveler.

4. Repayment of travel advances will be made according to the following guidelines:

   a) A Travel Reimbursement form, TR-1, or equivalent should be filed within fifteen (15) working days after the traveler returns to his/her official station. Failure to submit the TR-1 or equivalent to the proper unit in a timely manner may result in the traveler being permanently barred from utilization of the Travel Advance Fund.

   b) Anyone who has been issued a Sponsored Business Travel Card (SBTC) and who obtains a travel advance, without first obtaining written authorization from his/her supervisor, may be permanently barred from the Travel Advance Fund.

   c) If the traveler is no longer employed by the issuing organization and the travel advance has not been repaid by the borrower, the debt will be forwarded to the proper unit within the agency for collection.

**Rule 10 - State Travel Card Use**

**Effective Date:** 11/01/2011

**Procedures for Authority to Use Credit Cards**

Approval for use of all credit cards rests with the Chief Fiscal Officer of the State. At the present time, the only state-sponsored cards approved for agency use are the “Arkansas Procurement
Card” (P-Card), the “Arkansas Sponsored Business Travel Card” (SBTC), the “Central Travel Service” Account (CTS) or “Ghost Account” and the State Fuel Card.

State agencies or institutions of higher education having credit cards in force on December 31, 2002 were allowed to retain those cards. Any agency credit card account established after this date that was not requested from and approved by the Chief Fiscal Officer of the State must be cancelled as soon as practical and invoices are paid.

Directors of state agencies, boards, and commissions, and presidents and chancellors of institutions of higher education may request, from the Chief Fiscal Officer of the State, in writing, authority to establish an agency commercial account. Requests shall state:

- Purpose, intended use of card
- Number and type of cards
- Detail method of controls
- Justification

The Office of Accounting and the Office of State Procurement shall review requests to establish agency credit cards and provide the Chief Fiscal Officer of the State their recommendation. The Chief Fiscal Officer of the State shall not be liable for any unauthorized expenditure through the use of credit cards.

The administrative head of the board, commission, agency, department, or institution shall be responsible for ensuring that only authorized charges are paid as the result of the use of any authorized credit card and the collection for any unauthorized expenditures that may occur.

The administrative head of the board, commission, agency, department or institution may appoint a travel administrator to administer travel functions within their agency. However, the responsibility for taking corrective action for any abuses discovered rests with the administrative head of the board, commission, agency, department or institution. Individuals on state business shall use the Arkansas Sponsored Business Travel Card (SBTC), Central Travel Service Account (CTS) or provide themselves with sufficient funds or personal credit cards for necessary travel expenses. Meals are no longer a qualified expense allowed on any travel credit card issued by the State of Arkansas for an individual traveler. Nothing in this regulation removes the responsibility of the administrative head of an agency from being required to report to the Chief Fiscal Officer of the State and the Division of Legislative Audit incidences of fraud and/or theft as required by law.

**NOTE:** For more specific information on the Travel Card Program refer to the Office of State Procurement web site:

An exception to provision(s) established in this rule shall only be granted by the Chief Fiscal Officer of the State based on written request and justification from the administrative head of an agency or institution. All requests for exceptions should be addressed to the State Procurement Director who, in consultation with the DFA-Office of Accounting Administrator, will make a recommendation to the Chief Fiscal Officer of the State regarding such request(s).

**Rule 11 - Procedures for TR-1 (Travel Reimbursement)**

**Effective Date:** 11/01/2011

The Travel Reimbursement Form (TR-1) **Appendix A**, (website address: http://www.dfa.arkansas.gov/offices/accounting/Pages/Forms.aspx) is the standard form to be utilized by all state officials, including board members and employees, for the purpose of claiming
reimbursement for travel expenses incurred by the traveler for meals, lodging and mileage on personal vehicles used in connection with the official business of the State. Electronic equivalents of this form may be used so long as the elements of information required on the official form are included. This form is also to be used for itemizing any miscellaneous expenses incurred by the traveler. A recapitulation of all expenses incurred by the claimant will appear on this form.

Where non-state employees and other official guests of the State are authorized to render service on behalf of the State, and for "wards of the State" (inmates, foster children, patients, or other persons in the care of the State); their names and expenses will be set out on form TR-1 or electronic equivalent. If, in addition to his/her expenses, a non-state employee performs official service for which he/she is paid a fee, the travel reimbursement process is not to be used to pay the fee, but his/her invoice for professional services is to be paid in the usual manner on the general expense document with the proper professional invoice attached. The following procedures will be utilized in submitting claims for reimbursement:

A. All travelers requesting reimbursement must complete a TR-1 form or equivalent.

B. All forms must be prepared electronically, typewritten or in ink and may be processed electronically where that capability exists on the State’s central accounting system or the system used by the agency or institution. The original, bearing the traveler’s signature, shall be filed with the Agency; the traveler should retain a copy.

C. Where charges for transportation, lodging, and conference registrations are not billed directly to the State, the following documentation is required for reimbursement:

   1. Reimbursement for transportation must be supported by an original (or, in accordance with ACA 19-4-815 (b), confirmation number in the case of electronic tickets) vendor document describing the travel, indicating the cost.

   2. Reimbursement for lodging must be supported with a hotel document indicating the lodging specifics.

   3. A descriptive vendor document must support reimbursement for conference registrations.

D. Primary responsibility for authenticating travel reimbursement claims rests with the administrative head of the agency or their designee(s).

E. All claims for reimbursement of expenses must be itemized and attested to by the claimant and approved by the administrative head of the agency or his designee(s).

F. If an airline charges a baggage fee for the first checked bag of the traveler, then the Agency is authorized to reimburse the traveler for the charge. Fees for a second checked bag must be paid by the traveler and are not eligible for reimbursement.

Travel Expense Reconciliation Form

A travel expense reconciliation form (Appendix B) or electronic equivalent, must be attached to each travel reimbursement request form when presented for payment in those cases where all
travel expenses were not paid by the employee. The traveler will indicate on this form expenses not paid by him/her that were direct billed or charged to the agency. The original will be retained in the agency's permanent files as proof that the allowable daily maximum(s) for travel has not been exceeded.

The receipts provided to the traveler at the time of purchase, particularly for lodging and commercial transportation must support the Travel Expense Reconciliation form filed in the agency.

Rule 12 - Travel in State-Owned Vehicles

ACA 19-4-905 and ACA 19-4-907 authorize the regulations promulgated regarding the use of state owned motor vehicles.

A. Each state vehicle will contain a log that is maintained each time the vehicle is driven. The log should contain the following information: The driver’s name, beginning and ending mileage, number of gallons and cost of fuel purchased, the cost and a description of any maintenance/repairs, and remarks concerning any problems encountered with the vehicle.

B. Self-service gasoline pumps shall be used to purchase fuel.

C. Seat belts must be worn at all times by the driver and passengers.

D. No smoking shall be allowed in state vehicles.

E. The vehicle registration, insurance identification card, and Arkansas Motor Vehicle Accident Report form (SR-1) shall always be kept in each vehicle.

F. Accidents must be reported to the driver’s supervisor and the insurance carrier/designated risk management representative; whichever is appropriate for state vehicle insurance within 24 hours of the occurrence, or by the following business day. The supervisor shall comply with the procedures and reporting requirements of the Motor Vehicle Policies issued by the Office of Administrative Services of the Department of Finance and Administration.

G. Traffic violations must be reported to the driver's supervisor within 24 hours of the occurrence, or by the following business day.

H. Authorization to operate a state vehicle is given only to employees who are duly licensed in accordance with the requirements of all applicable state laws, and who have completed the authorization to obtain the Traffic Violation Record and Vehicle Operation forms.

I. All policies, records, reports and procedures Issued by the Department of Finance and Administration regarding use of vehicles allowed under the Governor’s Policy Directive # 3 shall be strictly complied with. Any exceptions to the use of state owned vehicles shall be in compliance with the Governor’s Policy Directive #3 regarding the use of state vehicles.

NOTE: Motor vehicles that are for special use and confined to specific areas such as parks and maintenance facilities may be exempted from item A. Those vehicles fueled from bulk tanks are exempted from item B. It is the responsibility
of the head of the agency or institution to ensure that adequate records of use and service exist to account for the whereabouts and expenses of such vehicles.

**Taxable Use of State Vehicle**

Personal use of a state vehicle is considered a taxable benefit. IRS Publication 15b details the various methods of determining the value of the benefit for tax reporting purposes. The valuation rules are different for elected officials, highly compensated employees and those employees not elected or highly compensated. The responsible administrative head shall ensure that the Payroll Unit of each agency, department, and institution performs proper reporting for taxable use of state-owned vehicles. [http://www.irs.gov/pub/irs-pdf/p15b.pdf](http://www.irs.gov/pub/irs-pdf/p15b.pdf)

State employees and officials who drive state-owned motor vehicles to commute from and to their residence, must compute the value of the benefit they receive and have the benefit added to their reportable salary for tax purposes. This calculation and remittance of payroll taxes must be done at least annually prior to December 31 each year.

Elected officials are considered “Control Employees” and therefore must calculate the benefit of use of the state-owned vehicle using the Fair Market Value rule per IRS Publication 15b. The taxable benefit includes the lease value of the vehicle and the fuel purchased for that vehicle. The calculated benefit plus fuel cost will be reduced by the same rate for reimbursements to the State per ACA 19-4-903 (b) (2) (B), for tax reporting purposes. The calculation method and tables for computing the benefit may be found at: [http://www.irs.gov/pub/irs-pdf/p15b.pdf](http://www.irs.gov/pub/irs-pdf/p15b.pdf)

State employees whose compensation equals or exceeds the Federal Government Executive Level V compensation are considered a “Control Employee” and must also use the Fair Market Rule per IRS Publication 15b. The current salary level can be at: [http://www.opm.gov/oca/payrates/index.asp](http://www.opm.gov/oca/payrates/index.asp).

State employees whose compensation is less than the Federal Government Executive Level V compensation will use the “Commuter Rule” for calculating their taxable benefit for the use of the State vehicle.

**Reimbursable Use of State Vehicle**

Reimbursement for the Use of State-Owned or Leased Motor Vehicles for Transportation To and/or From an Employee’s Residence is governed by ACA 19-4-903 (b) (3) (i) which states that “Any employee of the State of Arkansas who utilizes, but whose job does not require the state employee to utilize, a state-owned motor vehicle for transportation to or from his or her permanent residence from or to his or her official station on a daily basis shall reimburse the fund from which the operating expenses of the state-owned motor vehicle are paid at the same rate authorized by the state agency director of the agency employing the state employee for reimbursements for private automobile usage under subdivision (b) (2) (B) of this section.” This includes any employee of a state agency, board, commission, department or state-supported institution of higher education. Use of all state-owned or state-leased motor vehicles shall be for official business use only.

The administrative head of each state agency, board, commission, department, and institution shall be responsible for determining which of their employees utilize a state-owned or state-leased motor vehicle for transportation to and/or from their permanent residence to their official place of duty when such use of a state vehicle is not a requirement of the employee’s job. A permanent record of such employees shall be established in each agency containing the following:

1. Name of the employees;
2. Address of their permanent residence and official duty station;

3. Number of miles between their permanent residence and their official duty station;

4. The amount each employee will be required to reimburse the State at the current rate of reimbursement for private automobile usage on State business;

5. Amount billed to each employee;

6. Amount paid by each employee.

Each agency will establish a system of billing employees for reimbursements required and receipting for payments received from the employees. All reimbursements collected will be deposited promptly (at least monthly) to the general ledger account from which the operating expense of the particular motor vehicle is paid by the agency.

Each state agency, board, commission, department, and institution shall be responsible for maintaining records prescribed herein and copies of transactions concerning mileage reimbursement for audit purposes.

The Personal Mileage Reimbursement (MV-1) Form (Appendix D) was created to assist agencies in the reporting of mileage reimbursement (monthly) for personal auto use on the MV-3 Form. The MV-1 Form can be used by the agency for the purpose of tracking and collecting reimbursements.
