Overview
The Licensed Practical Nurse (LPN) in Home Health is responsible for providing quality patient care and performing technical skilled care in the patient's home.

*Elite Home Health*, a part of LHC Group, is the preferred post-acute care partner for hospitals, physicians and families nationwide. From home health and hospice care to long-term acute care and community-based services, we deliver high-quality, cost-effective care that empowers patients to manage their health at home. Hospitals and health systems around the country have partnered with LHC Group to deliver patient-centered care in the home. More hospitals, physicians and families choose LHC Group, because we are united by a single, shared purpose: *it's all about helping people.*

Additional Details

- Provides services within the scope of practice as defined by the state laws governing the practice of nursing, in accordance with the plan of care, and in coordination with other members of the health care team. May not alter the plan of care.
