ECED 2893	School-Age Development, Learning Guidance				3		
Total					15-21		

Depending on the courses taken in the 4th semester, the student can earn the following certificates while completing the AAS: Infants and Toddlers; School-Age and After School Care; Administration; Early Childhood Special Needs; or Early Childhood Education Curriculum

****Social Science Choice Options:** PSYC 2003 General Psychology, SOCI 2003 Introduction to Sociology, GEOG 2003 Introduction to Geography, ECON 2003 Macroeconomics Principles, PSCI 2003 American Government: Nationals.

COMMENTS AND NOTES:

Must have a C or better on all ECE/Education courses.
 Child Growth and Development/Development & Learning must have been taken no earlier than Fall 2009. Earlier course dates require the course to be taken again and/or will not transfer.

Program Description	<p>The growing field of early childhood education needs additional well-trained professionals to educate and care for children and to support their families in a multitude of settings. The objective of this program is to provide a career ladder for students, beginning with the Certificate of Proficiency, a fifteen-credit-hour course of study designed to provide core training in early childhood education and prepare individuals for the Child Development Associate Credential (CDA); progressing to a 30-credit-hour Technical Certificate in Early Childhood Education for students who wish a more in-depth program of study; and culminating in the Associate of Applied Science degree in Early Childhood Education for students who need a thorough background in the field with the status of a two-year degree for credentialing purposes. Students must make a "C" or better in all ECED/EDUC classes and maintain a 2.5 GPA in order to remain in the program.</p> <p>ECED courses have been developed to include core competencies for the Birth through Prekindergarten Teaching Credential as mandated by AR law 187 passed in March, 2009. The competencies were developed by a statewide early childhood cohort and approved by the Division of Early Care and Education of the Department of Human Services. This cohort consisted of Early Childhood representatives from other two-year and four-year colleges in the state. A NOCTI exam is required for this credential.</p>
Program Requirements	66+ credit hours
Link to Program Webpage	https://www.southark.edu/academics/arts-and-sciences/teacher-education-programs
Career Opportunities	Early childhood education professionals may be employed in public and private centers, special needs centers, and Head Start and ABC programs. Under a director's supervision, the childcare worker provides infants primary care giving while relating to families in a supportive manner. For toddlers and older children, the childcare worker plans and provides a developmentally appropriate curriculum to support independent and group learning. Activities are designed to foster children's self-esteem, expand their social and problem-solving skills, and engage them in inquisitive thinking while offering security and comfort.
Transfer Paths and Requirements	Minimum 2.0 GPA. This is not a transfer degree. 4-year programs may choose to accept specific courses for transfer.

REMEDATION REQUIREMENTS:

Current course placement requirements and applicable remediation can be found in the college catalog.

I understand that when seeking a credential, I may be required to enroll in remediation / co-requisite lab courses as a result of my test scores in compliance with Arkansas Law, Act 1052, which may take additional semesters for successful completion.
