COMMENTS AND NOTES:

Program Description	The Welding Layout & Pipefitting Certificate of Proficiency is designed to help the student gain an entry-level position as a pipefitter/layout person. Upon completion, the student should have knowledge of how to layout structure and pipe angles along with different fits. The curriculum is based upon certification criteria of the American Welding Society (AWS) and the National Center for Construction Education and Research (NCCER).
Program Requirements	8 credit hours

Career Opportunities	Graduates may find employment in manufacturing, maintenance, independent welding shops, and construction companies.
Transfer Paths and Requirements	

REMEDATION REQUIREMENTS:

Current course placement requirements and applicable remediation can be found in the college catalog.

I understand that when seeking a credential, I may be required to enroll in remediation / co-requisite lab courses as a result of my test scores in compliance with Arkansas Law, Act 1052, which may take additional semesters for successful completion.
