## COMMENTS AND NOTES:

Program Description	This 24 month Radiologic Technology (X-ray) program consists of classroom, laboratory, online, and clinical education in the hospital setting. Students in the program learn to transport and position patients for radiologic examination, to produce and critique images, archive images, and maintain patient records.
Program Requirements	80 TOTAL Program Credit Hours; Must complete the pre-requisites listed with a grade of 'C' or better. Must meet minimum ATI TEAS requirements – see <u>https://www.southark.edu/academics/health-science/teas-exam</u> . Must earn a grade of 'C' or better in all program courses to progress in program and to successfully complete the program and graduate.
Career Opportunities	Employment opportunities for graduates may be found in radiography departments of hospitals, clinics, physicians' offices, and related areas.
Transfer Paths and Requirements	

## **REMEDIATION REQUIREMENTS:**

Current course placement requirements and applicable remediation can be found in the college catalog.

I understand that when seeking a credential, I may be required to enroll in remediation / co-requisite courses as a result of my test scores in compliance with Arkansas Law, Act 1052, which may take additional semesters for successful completion.
