**Class Attendance Policy**
Students are expected to attend all classes in which they are enrolled. If a student is absent from a class session, it is the student’s responsibility to make arrangements to complete or make up any work missed. No make-up work for missed classes will be allowed without the approval of the instructor. Students who enroll late must assume all responsibility for work missed. Classes not attended as a result of late enrollment may be counted toward excessive absences. Students not attending the entire class period may be counted absent for that period. An instructor may drop students with a grade of “WE” if students have been absent for an excessive number of days. Warning letters will be sent to the students advising them of the consequences of nonattendance and urging them to contact their instructors immediately. Excessive absences are defined as follows:
Regular Semester
Courses which meet once a week.........................................................2 absences
Courses that meet twice per week.........................................................3 absences
Courses that meet four times per week...............................................5 absences

Summer Session
Courses that meet four times per week in a five week session ..............3 absences
Courses which meet two evenings per week in a 10 week session............3 absences

Students enrolled in special programs or individualized instruction should contact their program
director/instructor regarding specific attendance requirements for the program/course. Some of the
selective-admission, health-science programs have specific criteria regarding attendance. Students are
encouraged to refer to program policies in these matters.

Jury Duty/Military/Official School Function
Scheduled absences are those that occur due to college-related activities or as a result of summons to
jury duty or military duty. Classes missed as a result of scheduled absences will not be counted as
excessive absences if the instructor is notified and provided documentation prior to the absence(s).
Make-up work for scheduled absences will be at the discretion of the instructor.

In all instances, documentation must be provided to the instructor within 24 hours of receipt.
Documentation should come from an appropriate party on letterhead or other official stationery with a
signature and contact information. Documentation should list the corresponding dates of the leave.

Medical leave
For medical-related absences, documentation must include written notice from the treating medical
professional documenting time needed off related to medical reasons and time student may resume
classes. The medical reason does not need to be listed on the documentation; the documentation must
include only that there is a medical reason, the amount of time the student needs to be absent, and the
time the student should be able to return to classes. Students who elect to work at home while on
excused leave must meet with their instructors to make arrangements to do so. Working on coursework
while on medical leave is not a requirement but can be requested by students. If students request that
they be allowed to work at home while on an excused leave, the instructor will make every reasonable
effort to ensure that the student is able to do so.

For students who have a medical condition necessitating time off or accommodation:
1) They may work at home on assignments if they choose to if on medical leave approved by a medical
   professional
2) Receive appropriate accommodations related to coursework (i.e., excused from labs with potentially
   harmful chemicals, have a larger desk, etc.)
3) Resume their studies where they left off once they return to classes
4) Be allowed to make up any missed work related to medical leave
5) Receive incompletes on their transcripts until coursework is completed, according to the incomplete
   grade contract.
6) Be given a reasonable time frame in which to complete missed coursework

Academic Honesty Policy
Students enrolled at South Arkansas Community College are expected at all times to uphold standards of
integrity. Students are expected to perform honestly and to work in every way possible to eliminate
academic dishonesty. Academic dishonesty includes cheating and plagiarism, which are defined as
follows:
• Cheating is an attempt to deceive the instructor in his/her effort to evaluate fairly an academic
  exercise. Cheating includes copying another student’s homework, class work, or required project
Plagiarism is the copying of any published work such as books, magazines, audiovisual programs, electronic media, and films or copying the theme or manuscript of another student. It is plagiarism when one uses direct quotations without proper credit or when one uses the ideas of another without giving proper credit. When three or more consecutive words are borrowed, the borrowing should be recognized by the use of quotation marks and proper parenthetical and bibliographic notations.

If, upon investigation, the instructor determines that the student is guilty of cheating or plagiarism, the following penalties will apply:

- The student will receive a penalty of no less than a zero on the work in question.
- The instructor will submit a Student Academic Misconduct Form, written report of the incident, to the appropriate dean.
- The dean will submit form to Vice President for Learning to determine disciplinary action.
- The Vice President for Learning will determine whether further disciplinary action will be taken.
- All decisions may be appealed for review through the college’s academic appeals procedure.

Equal Opportunity-Affirmative Action Statement
South Arkansas Community College does not discriminate on the basis of age, race, color, creed, gender, religion, marital status, veteran’s status, national origin, disability, or sexual orientation in making decisions regarding employment, student admission, or other functions, operations, or activities.

The Early Alert System
In an effort to ensure student retention and success, South Arkansas Community College employs an Early Alert System to identify and support at-risk students as soon as possible in a given semester. The intent of Early Alert is to provide this assistance while there is still time to address behaviors or issues that have the potential of preventing students from completing their courses and degree plans. Students referred through the Early Alert System will be required to work on a corrective action plan with their student advising coach and to include attendance accountability and mandatory academic tutoring either in the academic division or in the Testing and Learning Center (TLC).

Once the Student Advising Coach has met with the referred student, and again when the student has met the prescribed corrective actions, the coach will update the Early Alert System so that the instructor is kept informed of the progress in resolving issues.

Behavioral Review Team
At South Arkansas Community College (SouthArk), we are committed to proactive leadership in student wellbeing and campus safety. By focusing on prevention and early intervention with campus situations that involve any person experiencing distress or engaging in harmful or disruptive behaviors, the BRT will serve as the coordinating hub of existing resources to develop intervention and support strategies and offer case management. Students, faculty, staff, and campus guests are encouraged to report any person on campus who is a concern. BRT Contact: 870.875.7262 BRT@southark.edu
